

Hindustan Platinum

THE PRECIOUS  
SILVER

RARE EXCELLENCE

# SILVER

## Refining | Bars | Grains

With over six decades of expertise, Hindustan Platinum is a trusted partner in precious metals, supported by integrated capabilities across the value chain.

We supply silver in forms and specifications suited to both industrial applications and market requirements, with consistent quality and reliable availability.

Silver is offered as cast bars in standard weights ranging from 25 g to 30 kg, along with grains, in purities of 999.0 and 999.9.

Our 30 kg silver bars meet London Good Delivery standards, ensuring acceptance across major commodity exchanges.
